

THE Gleichen Call

Twelfth Year, No. 51

GLEICHEN, ALBERTA, THURSDAY, MARCH 13, 1919

\$1.50 Per Year

Another D. C. M. Man Returns

Gunner Gilbert W. Leadbeater

Gunner Gilbert W. Leadbeater, D.C.M., returned to his home in Gleichen from overseas on Saturday last, much to the delight of his parents, other relatives and numerous friends. He is not yet his former self by any means but says he is improving nicely and feels very good, although he expects to return to the hospital again as he still feels the effect of being gassed. However, he is not at present suffering from the shrapnel wound he received in his leg while doing his "bit" for his country.

Gilbert is one of Gleichen's young volunteers who won the Distinguished Conduct Medal and played one Canuck equal to three Huns. We hope to induce him to tell us the story some day soon.

Namaka Doings

R. Biggar returned to his farm near Namaka, on Thursday, after his visit to Colorado.

Mr. and Mrs. Gibson left Namaka on Sunday. Allan has lived in Namaka for some years and has now taken a position at Dalnord, Sask.

A dance in aid of the Red Cross fund will be held in the I.O.O.F. hall on March 21st. Gents \$1 and ladies 50c. Supper free. Good music.

Lieut. Gus Marcy writes from Ripon, England, that he hopes to return to Namaka this month. He seems anxious to be back again now the war is over. He was at Mons, Belgium, the last time he wrote.

P. Van Marlon is returning to work on the Namaka Farm. He has been to California but seems anxious to be back to Alberta again. He says these warm winter places are alright to live in if only a man could earn enough to live on.

The Hon. Sec. of the Namaka Branch of the Red Cross Society reports that the dance held for furnishing a room in the Strathmore hospital realized \$64.45 for this purpose. The sum of \$45 has also been sent from the Namaka branch to the general fund of the society.

The friends of Leonard and Mrs. Aitkens met in the I. O. O. F. hall last Tuesday to bid them farewell. E. C. Watts presented them with a purse subscribed by those present. Leonard has lived about 10 years in this district and has now gone to take up another farm in Minnesota. He has been a good neighbor and was always ready with his cornet to help out with the dance music.

T. H. Beach will offer for sale by auction a fine bunch of imported horses at Taylor's barn, Gleichen, on Friday, March 21. The property of H. B. Parrent of Standard.

Debate and Hard Time Dance St. Patrick's Day, March 17

St. Patrick's Day is to be fittingly observed this year in Gleichen by a debate and dance.

What more could an Irishman, far away from home, ask of his patron saint than a debate. Shure, he be afther bein' no Oirishman if he can't see a fight in a real live debate.

The Gleichen Young Men's Club is putting on that night—Tuesday evening, March 17th—a hard-time dance to be preceded by a debate entitled: "Resolved, That the parliamentary form of Government is better adapted to the needs of a democratic nation than the presidential form of government."

This subject was debated at the Club last Thursday and proved so interesting and well handled that the speakers have been prevailed upon to give it in public. And there is no question of it being appreciated and the Young Men's Club receiving the appreciation they are entitled to.

The Gleichen Citizens Band has joined with the Club for the evening's entertainment and along with Mrs. Onstad's orchestra will supply the music.

The ladies and gentlemen are request to appear in costume at the Opera House sharp at 8:30 as the debate will start promptly on time and it is not fair to disturb the audience or speakers by being late.

BURNE--WEBSTER

A very pretty wedding took place on Tuesday afternoon, when Miss Elizabeth Webster, daughter of Mrs. Annie Webster, Calgary, was united in marriage to Mr. Robert J. Burne of Gleichen. The ceremony took place in the Pro Cathedral with Dean Paget officiating. Mr. W. A. Montgomery, organist of the cathedral, played the wedding march. The bride who was given away by her brother, Mr. Cyril Webster, looked charming in a gown of pussy willow crepe de chene trimmed with pearls. Her veil Brussels net was caught up with a wreath of orange blossoms and she carried a shower bouquet of bridal roses and asparagus fern. The bridesmaids, Miss Adelaide V. Burne and Miss Annie C. Burne, sisters of the bridegroom, wore pretty ivory habutai silk dresses and black picture hats, and carried bouquets of carnation and fern. Rev. J. Lee was best man. After the ceremony the wedding party and guests motored to 2320 First street east, the home of Mrs. H. E. Fadry, sister of the bridegroom, where a dainty luncheon was served. The bride's travelling suit was navy serge, with plucked beaver fur, the gift of the bride groom and blue picture hat. Mr. and Mrs. Burne left in the evening for the coast and on their return will take up their residence at Gleichen.

Union Church Services

March 16
11 A.M. Sunday School and Bible class.
7:15 P.M. Service of song.
7:30 P.M. Evening service.
Subject, "Principles Underlying Great Lives"

ALBERTA'S INDUSTRIAL IMPORTANCE

Dependent on agricultural development, Alberta's industry is steadily assuming substantial importance. Last year the total amount of the payrolls of the province was approximately \$37,000,000. From her coal mines the payroll is approximately \$14,000,000 a year, from her railways \$12,000,000, and from other industries, exclusive of farming, \$11,000,000. There are some 1,200 industries in the province, not counting railways and mines.

First Friday in each month—the Town Council meets.

First Monday in each month Public School Trustees met.

Monday noon—Change your ad.

NOTICE To Employers

The Workmen's Compensation Act, 1918, provides that every employer of labor coming within the scope of the Act, shall forward each month a statement of his payroll to the Workmen's Compensation board at Edmonton.

As the Act is now effective, employers should at once communicate with the Secretary of the board, who will forward such forms and information as are necessary.

THE WORKMEN'S
COMPENSATION BOARD,
Edmonton, Alberta.

T. H. Beach will auction all of P. H. Stumph & Son's livestock and farm machinery Thursday, March 27th, northeast of Milo. For full information see posters.

Ouelletteville News

In my last communication I was going to tell you some secrets about these great parties they are having in the eastern section, but with the rest of the crowd, I have been having such a good time that I am not going to give it away just yet. I have participated in three other events in the meantime, and the fun seems to increase, and what a feast we all partake of about midnight; every kind of cake imaginable, doughnuts without holes, and doughnuts all holes. I tried to play cards once or twice, but I had to give it up and join in the fun of watching those old rascals awing the young girls. "Marching Through Georgia" and "The Girl I Left Behind Me" seems to ring through my head all the time, and there is yet three other events of a similar nature. I do not intend to mention many names, but it is only fair to mention that Mr. Esdale Walters could not be dispensed with. He is the general floor manager, and the right man in the right place. He keeps the ball rolling, and the excitement in the top-notch all the time. On the wall of one of the drawing rooms, I noticed an appropriate motto, that if there was any good that we could do, or any kind act we could accomplish, do it now, as we would not travel this way again. This same sentiment seems to have seized on all those kind people who have given these social parties at this time. May their number never grow less.

Bert Snowden has been to Saskatoon during the past month taking a tractor course at the university. He was pretty handy around automobiles and engines before. He may be an expert now.

Some of the farmers were beginning to feel anxious. Too much fine weather and no moisture to germinate the seed. But now this is all changed, and these last few days we have experienced the coldest and most stormy weather of the season. They may yet be required.

Pelle Viat is back from Calgary, where he went to have an operation performed on his thumb for blood poisoning. Unfortunately he had to sacrifice a part of it.—A.P.

FOR SALE—Two Cook Ranges. Apply at Palm Parlors.

\$5 REWARD—Is offered for the recovery of cattle branded with DH on left rib. Mrs. J. H. Chandler, Nanton, Alta. 11

WANTED—A girl, experience preferred for ice cream and confectionery business. Apply Palm Parlor. 51

Hay For Sale

Cobalt and Porcupine

THE mining camps of Cobalt and Porcupine have produced enormous wealth. The output of Cobalt during the past fourteen years has been 300,000,000 ounces of silver and the camp has paid over \$90,000,000 in dividends. The gold mines of Ontario have produced about \$45,000,000 worth of gold since 1911 and have paid in dividends about \$10,000,000.

The gold camps of Ontario are comparatively new; they are expanding rapidly. Selected gold mining securities such as Davidson Gold Mines and Tough-Oaks Mines are the most attractive investments we know. Write for detailed information.

Bank of Germany Report

London. — A dispatch from Berlin says that a statement issued by the Imperial Bank of Germany, as of Feb. 15, gives its total holdings of gold as 2,249,549,000 marks.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and day constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circular and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 73c.

Hall's Family Pills for constipation.

Record Round Trip

Expedition Makes Thousand Mile Journey in Fifty-nine Days

Dawson, Y.T. — The Royal Northwest Mounted Police expedition which left here January 15 for Port McPherson at the mouth of the Mackenzie, has reached Twelve Mile, a point 30 miles from Dawson, the nearest telegraph communication point on their return journey.

They completed the round trip of 1,000 miles in the record time of 59 days on this route including the crossing of the Rocky Mountains.

All the party are in good health and report all Arctic posts the same, as there has been no sickness in these regions.

The expedition is composed of Sergt. Dempster, the famous police musher; Constables Vance, Cook, Patterson, two Indian guides, and 20 dogs.

Didn't Call Him Names

Officer — How is this, Murphy. The sergeant complains that you called him names.

Private Murphy — Please, sir, I never called him any names at all. All I said was, "Sergeant," says I, "some of you ought to be in the menagerie."—Pearson's Weekly.

A word to the wise is sufficient— if it is the right word.

DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinge! Same for internal aches, pains, strains, stiffness of joints or muscles, lameness, bruises. Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Made in Canada. Ask your druggist for Sloan's Liniment.

SUNDAY SCHOOL LESSON

LESSON FOR MARCH 16—THE CITIES OF REFUGE

1. The Need of the Cities of Refuge (10:1-3).

Justice everywhere cried "An eye for an eye," "A tooth for a tooth," "Blood for blood," and the avenger of blood was charged with the duty of satisfying this cry. While Justice should not be allowed to miscarry it is most important that there be mercy shown. Sometimes just men forget to be merciful. In order that the innocent be protected and mercy shown to the unfortunate and yet justice be done the cities of refuge were authorized. It was not a scheme by which the criminal was screened from justice, but a provision whereby the innocent was protected.

2. Regulations Touching the Cities of Refuge (20:4-6).

1. The right of entrance not to be denied (v. 4). It was obligatory upon the rulers of the city to admit upon demand the one who fled hither, pending a trial which would disclose the fact as to whether the crime had been intentional or not.

2. The security of the one who entered the city (v. 5). The rulers of the city did not dare to deliver the man slayer to the avenger of blood for punishment until a fair trial had been given; neither could the avenger cross over the threshold of the city to touch a hair of the one who had taken refuge in it.

3. The right of fair trial (v. 6). This provision of mercy made it so that the refugee could be safe while careful investigation was made as to whether he had killed "unwittingly" or by wicked purpose. If it should be proved that the man was guilty of murder he was delivered over by the authorities to the avenger of blood that justice might be done.

4. The innocent slayer must remain in the city (v. 6). Even though the trial should exonerate him from intentional killing, yet he must remain in the city in order to be saved. So grave is the act of taking a human life that even the innocent man was obliged to be separated from his home and friends at least until the death of the high priest. This deprivation enforced the obligation to shield life.

3. The Appointment of the Cities of Refuge (20:7-9).

1. On the west side of Jordan (v. 7). (1) Kedesh in Naphtali on the north; (2) Shechem in Mt. Ephraim in the centre; (3) Hebron in the south.

2. On the east side of Jordan (v. 8). (1) Golan in Bashan on the north; (2) Ramoth-Gilead in Gad in the centre; (3) Bezer in Reuben in the south. In this distribution there was a place of safety accessible to all. These cities were not only in reach, but good roads, well marked, led to them so that the refugee might reach a place of safety before being overtaken (Deut. 19).

This beautifully illustrates the refuge which sinner has in Christ: (1) It's necessity. Since by accident or wicked purpose men did kill, in order to be saved from the avenger these cities of necessity were appointed. All have sinned and are exposed to the wrath of God, therefore if any be saved a place of safety must be provided in Christ. (2) This provision was by divine appointment. "Of him are ye in Christ Jesus." (1 Cor. 1:30).

(3) The cities were accessible to all. They were so distributed that wherever the unfortunate circumstance should occur the slayer could flee to the city before being overtaken. Christ is not far off. The Bible shows what great effort God makes to save men. (4) The one who fled to the city was secure. The avenger did not dare cross over the threshold of the city. Every one who is in Christ is secure. No one can lay anything to the charge of God's elect. (5) The individual must flee to the city. The manslayer would be exposed to danger if he remained at home or outside of the city. The sinner, if he would be saved, must come to Christ. There is no place of safety for those who remain away. The safe-

ty in Christ is even more vital than that in these cities. To him the guilty can flee with the assurance of safety.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which draws when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Fishermen at Rock lake have been making good catches during the past few weeks. "One disciple of Isak Walton a few days ago caught with hook and line three pike of an aggregate weight of 30 pounds. One of them was over three feet long and weighed 11½ pounds.

No matter how deep-rooted the corn or wart may be, it must yield to Holloway's Corn Cure if used as directed.

A novel beet harvesting machine loosens the earth from around the roots as it is drawn over a field and sharp points carried on a wheel penetrate them and carry them to a conveyor.

Minard's Liniment for sale everywhere.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subside. Miller's Worm Powders will alter these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is not only a worm destroyer, but a health-giving medicine most beneficial to the younger constitution, and as such it has no superior.

War With Poles Ends

Paris. — The German government has informed General Dupont, the head of the French mission in Berlin that it has decided to stop fighting the Poles in Posen. The government has sent officers to Posen to enforce its order against fighting.

Strong Words of A Guelph Veteran

He Says Dodd's Kidney Pills Saved His Life

James Black at the Age of Eighty-Five is Shouting the Praises of the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

Guelph, Ont., Mar. 10th. (Special). — "I would have had to undergo an operation, or be dead only for Dodd's Kidney Pills." These are strong words. But Mr. James Black, an old gentleman who moved here recently from Maidstone, makes the statement without hesitation.

"I suffered from kidney trouble and pain in my back," Mr. Black goes on to relate, "and at last I told me to try Dodd's Kidney Pills. When I had used half a box I began to pass sand and gravel. I have half a pound of it in a bottle to show people."

"I also had cramps in my legs so that I could not sleep at night. I used 14 or 15 boxes of Dodd's Kidney Pills, and now I am cured of all these ailments."

Mr. Black who is in his eighty-fifth year, is confident that he owes his life to Dodd's Kidney Pills, and never tires of singing their praises. "They are worth twice their weight in gold."

Dodd's Kidney Pills have long ago earned the name of "The Old Folks' Friend." For the kidneys are the first to feel the strain of advancing years. Acting directly on the kidneys, and strengthening those organs, they have made many an old person shout "I feel young again."

Japan Demands Return of Arms

Vladivostok. — Brigadier-Gen. Inagaki, of the Japanese staff in Siberia, in a statement regarding the Japanese demand for the return of the arms and equipment of the 1,500 Cossacks, revolvers of the force of General Kalmikoff, says he is not concerned about what becomes of the Cossacks, although he believes that the soldiers guilty of killing their officers at the time of the mutiny in January should be tried. The general's statement adds:

"The arms and equipment of the soldiers were furnished by the Japanese, who have been assisting and will continue to assist the Cossacks in an effort to build up the Russian army. Therefore, we insist that the arms and equipment be returned to General Kalmikoff."

Yours truly,
J. B. LIVESQUE,
St. Joseph, P.O., 18th Aug., 1900.

Don't meddle with the affairs of other people and you will have that much less to worry about.

Move Against Jews

Saloniki. — An anti-Semitic movement of serious proportions in Bulgaria is reported in the Jewish newspaper, El Liberal. Recently a bomb was found in the central Jewish synagogue in Sofia. It was timed to explode at a time when the edifice would have been filled with worshippers, and it is alleged that it was placed there by Bulgarians.

	\$166,000	\$1,439,964

Rifles Go To Russia

Bridgeport, Conn. — Sixty thousand rifles have left here bound for Vladivostok, where they will be used to arm allied troops now fighting the Bolsheviks. This is the second consignment of rifles to leave this city for Russia within six weeks, making a total of 105,000 rifles, worth \$2,100,000.

Only One "BROMO QUININE"
To get the genuine, call for full name LAXATIVE BROMO QUININE Tablets. Look for signature of E. W. GROVE. Cures a Cold in One Day. 30c.

Takes Time

"Charley, dear," said young Mrs. Torkins, "have you a minutes to spare?"

"Yes."

"Well, I wish you would tell me exactly what is meant by a 'league of nations' and 'freedom of the seas.'"

Most of the things people tell you are of no earthly benefit.

A Household Medicine.—They that are acquainted with the sterling properties of Dr. Thomas' Electric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is cheaper than a doctor. So, keep it at hand, as the call for it may come most unexpectedly.

Strike Spreading in Germany

Virtually All the Miners Are Out at Hamborne

Amsterdam. — The strike movement is making progress throughout Germany, according to advices received here from Berlin. The proposal for a general strike at Gena, 12 miles southeast of Weimar, put forward by leaders of the workingmen, has been carried.

A general strike has been begun at Eisenach, 44 miles west of Weimar, where the situation is reported serious, rioting having broken out.

Virtually all the miners are out at Hamborne, the advices add.

Berlin. — Government troops occupied the city of Halle between Berlin and Weimar after sanguinary street fighting, in which thirty civilians were killed, according to an aviator who has arrived here by airplane from Halle. The troops also suffered casualties.

Huge Irrigation Scheme in Alberta

Calgary. — F. H. Peters, of the Dominion Irrigation branch, has presented to the board of directors of the United Farmers of Alberta, the outline of the surveys for the Milk River and St. Mary's River project in Southern Alberta. This scheme will provide for the irrigation of 350,000 acres of land in that district.

Minard's Liniment Co., Limited.

Gentlemen,—My daughter, 13 yrs. old, was thrown from a sleigh and injured her elbow so badly it remained stiff and very painful for three years. Four bottles of MINARD'S LINIMENT completely cured her and she has not been troubled for two years.

Yours truly,
J. B. LIVESQUE,

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrh of the Ears, go to your druggist and get 1 ounce of Ear-mint (double strength) and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the unconscious stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrh, or trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

SAVED BABY'S LIFE

Mrs. Alfred Tranchemontagne, St. Michel des Saints, Ont., writes: "Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

In Memoriam

In the death of George Macomber the Queenstown district and the farmers' movement in general has lost one of its best and ablest men and it is safe to say that we have no one who can fill his place. Macomber had a little better situation than the average farmer and he used this to good advantage, not only for his own interest, but for the good of the whole community. He was one of those few men who live to make the world better, who try to make conditions a little better than he found them. There is absolutely nothing that has happened since this district was settled that was for the good of the community that George Macomber did not have his hand in. When the Queenstown local of the U.F.A. was formed in 1910, Macomber became its president and with the exception of one year, when he refused election, he has been president ever since, and he it is said to his credit that he practically never missed a meeting. If he was late all members would ask: "Where is George?" and it is safe to say that nothing was done until George arrived. Macomber has been a councillor in the municipality ever since it was organized, he has served on the school board, was a member of the Non-Partisan League and served faithfully on anything he undertook. When the Co-operative Lumber yard was organized George Macomber was elected secretary-treasurer, and the great success of this undertaking is chiefly due to his untiring efforts. Owing to the willingness and great ability of Macomber, these efforts practically never was a committee devoted to do anything in Queenstown unless he was on it. As a farmer Macomber must also be classed as one of Queenstown's most successful men. About four years ago he married Miss Jessie Taggart and began farming for himself on a quarter northeast of the Queenstown school. He had gradually increased his holdings until he owned a whole section. Two years ago he built a fine house and set out a tree plantation around his home. It is very sad that a young man with so many good qualities and with such bright prospects should have any so soon and nobody will be missed more by everyone in Queenstown than will George W. Macomber.

Due to certain complaints being brought to the notice of the St. Louis Fur Exchange, 7th and Chestnut Streets, St. Louis, Missouri, U.S.A., of unsatisfactory grading of furs as made by reason of the advertising for houses of that market, where in January over ten million dollars worth of furs were sold, they are now also restricting shipments of furs from the trappers district, and are recognized and regulated under license P.B.F. 30, and the U.S. War Trade Board and all of the Collectors of Customs, thus insuring free passage of furs when addressed to them with the words "Raw fur of Canadian Origin" on the package or shipping tag. Their advertisement appears on page 8.

THREE PLANTING ON IRRIGATED FARMS

The following comment on the Canadian Pacific Railway Company's policy of supplying trees to farmers on irrigated lands is taken from the Canadian Forestry Journal:

"A far-seeing scheme of tree planting has been put into effect by the Department of Natural Resources of the Canadian Pacific Railway Company on the irrigation block east of Calgary. Naturally devoid of any tree growth and yet with great potentialities for the production of timber under the stimulus of an irrigation system, it was early realized by the management that no matter how the building that may be put upon the bald prairie it can never be a real home unless there are some trees and shrubs upon the ground. Most of the settlers coming to the irrigated lands had their origins in well-treed districts and all of their old associations are very intimately connected with the trees growing about their old homesteads and the leaf-shaded lanes through which they played as children."

"The aesthetic side of prairie farming is coming to be recognized as having very practical importance. For example, if a settler can be induced to become interested in the appearance of his farm, particularly to the point where he will plant a grove of trees, it is reasonably certain that he will soon have something more than a transient business interest in the property. One that attitude is developed it is but logical to assume that the settler will not start out to 'miser' the soil with the object of getting as much quick money as possible and will be taking out the Canadian Pacific Railway Company has done a splendid service in encouraging planting of trees around the homes on the irrigation block and has distributed each year, without charge, quantities of trees which have been found by experiment to be hardy in the district."

U.S. RETAIL STORES' SALES

In the United States the retail stores have helped greatly in the war savings stamp campaign. A report recently issued shows that \$2,589,051 worth of stamps have been sold by the department and retail stores of New York city, 1,800 of which placed their services at the disposal of the war savings campaign. R. H. Macy & Co. led with sales totaling \$529,176. John Wanamaker's came second with \$287,415 and James A. Hearn & Co. third with \$174,616. The retail stores in Canada also render a very valuable service in this way, and some have already rendered it. In St. John, N.B., 205 stores sold these stamps and in London, Ont., over 500.

Special Rates

Special rates of a fare and a third have been put in force from all Alberta stations for the Spring Horse Show to be held at Calgary, March 19th to 24th, tickets good going March 21st to 24th, returning up to March 31st. Tickets for the Spring Bull Sale to be held at Calgary, April 15th to 18th, will be good going April 15th to 18th, and to return up to April 18th. Price lists for the Horse Show have now been issued and may be had on application to R. L. Richardson, secretary, Alberta Live Stock Association, Calgary. The entries for the Horse Show close on March 15th, entries for the bull sale close on March 17th. It is expected that both the Horse Show and the Bull Sale will be the largest events yet held by these Associations.

The administrator has instructed T. H. Beach to offer the estate of the late C. A. Klepper for sale on Thursday, March 20th. See his ad. and posters.

BUY AN IRRIGATED FARM FROM THE CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent of rainfall, and in some good crops, not occasionally, but every year.
Irrigation makes possible the successful culture of alfalfa, the king of fodders, which assures good returns in dairying and mixed farming.
Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.
Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever it intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices up to \$50 per acre, with 30 years to pay and the privilege of a loan of \$2,000 for improvements (5% interest); no principle after first payment until end of fourth year, reduced interest if settlement conditions are complied with, and no water rental for first year. Contract can be paid off before maturity if desired.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to
ALLAN CAMERON, Gen. Supt. of Lands
Canadian Pacific Railway, Dept. of Natural Resources, 928 St. E. E. CALGARY, ALBERTA

Several High Chairs and Commodes Left at \$1.00 Each See GEO. W. EVNAS

FURS! FURS! FURS!! Ship to us direct. Top price paid and equitable grading made. No delays at any point.

We are registered with the United States War Trade Board and all of the Collectors of Customs under license P.B.F. 30, and you can send your furs to us direct by our tag or any tag, changed to suit, if marked "Furs of Canadian Origin" and your furs will come right through.

FAIR GRADING

The rules and ethics of the exchange do not permit of sending out alluring price-lists, yet we give you an exact and expert grading and pay you at a rate of five to twenty-five cents more on the dollar than the average advertising for furs as we cut out all middle-man's profits in dealing with you.

CORRESPONDENCE

Editor, Gleichen Call.

Dear Sir,—May I again trespass on your valuable space to make a few remarks in reply to "Farmer" in a recent issue of your paper. I was pleased to see "Farmer" agreed with me in the main idea of my letter in the matter of helping the returned men, though he differs with me over the slackers or wilful draft evaders. Now, Sir, I would like to explain that I never for a moment meant to form a separate body in the community to carry out my scheme, but to induce those like "Farmer" and also the monument committee to work somewhat on the lines I laid down, so that some useful thing would be done for our returned boys and not put good money into another useless asset in our town. I am willing to help the committee in this matter in any way I can but do not wish to take any lead as I feel there are more competent men in the community than I am to do so. Also, as I have been told, I am an interested party. As for calling a public meeting, I am no hot-air artist to sway the multitude. "Mr. Farmer" gives a knock to the scheme when he mentioned 300 men to be provided for. I do not think one-tenth of that number would avail themselves of help, also there would have to be a certain amount of discretion and some discrimination used by a committee handling this scheme. "Mr. Farmer" is right in the idea that everyone would be allowed to give all they can. I still stay with my opinion as regard to those of military age who hid behind their mothers' petticoats, so to speak, or skipped over the line or to the woods to escape helping the Allied armies of our Dominions to save the women of France and Belgium from rape and mutilation, their churches, factories and homes from wanton destruction, and say, they have no place on a memorial of brave men or our heroic dead. "Mr. Farmer" are they not judged already? As to home conditions, I know what this is, and the mothers' anguish of heart and mind for the safety of loved ones. But we cheerfully let them go in a righteous cause and bore our troubles smilingly. I trust "Mr. Farmer" has no slackers in his own family when he advocates such people's names going on the monument.

"Arrowood" insinuates in his letter to "Farmer" that I wrote my previous letter to get custom for the machinery company I represent. My advertisement in your issue of this date may answer him. I expected to be told I was interested on account of my boys serving the colors. If I was, had I not the right to be so? I am proud of my sons. They can do as they please when they return, but I will never ask assistance for them, except, perhaps, work.

Thanking you in anticipation,
I am, yours sincerely,
T. W. BATES.

P.S.—I do not intend to trespass further on you and would ask "Farmer" or others to meet me if they so wish.

News From Chancellor

The vets of the Anzac Colony held their dance on Monday, March 3rd, with everybody in full swing, up and a-going. Every person happy, good songs and good singers. Another dance on the 21st.

There are eleven more settlers' farms vacant, which will be filled up this spring. All are happy around here, although they were hard struck last year, being the first year to commence operating the new land and no crop. Are we downhearted? No!

B. Wakelyn is in our midst. His family sure did their bit. Father and seven sons and a son-in-law all being in khaki and all being overseas. No slackers in that bunch, eh?

Fred Crow now has two of his sons home and is now feeling happy, as his eldest son is on his way and hopes to be home soon. He is a lucky man and hopes to make good on his farm this year, all being well.

CATTLE ON THE RANGES

"Cattle on the ranges are as fat today as they were in October," said the district ranch inspector, who is making a tour through the south-eastern part of Alberta. "There is no danger now of any great loss of cattle no matter what the weather turns out to be in March. Every rancher and farmer has some hay, and very few have done any feeding as yet. With the cattle in such good condition they have every show in the world to pull through easily until the new grass comes."

EDITORIAL

German Trade After the War

Notwithstanding that Germany has been decisively beaten in the war, and has been forced to submit to a most humiliating armistice amounting to all intents and purposes to an unconditional surrender; notwithstanding that the German army is being disbanded and conscription abandoned; notwithstanding that the big German navy made the most despicable surrender in the history of the world, the entire fleet being meekly handed over without firing a shot despite all the German boasts and toasts to "The Day," and now awaits whatever disposition the Allies finally decide upon; notwithstanding that Germany's Merchant marine is largely in the hands of the Allies; notwithstanding that the Kaiser has been dethroned, the militarist party overthrown, and a republic set up; notwithstanding that chaos approaching anarchy reigns throughout Germany—notwithstanding all these things, and that Germany will be faced with a huge war debt of its own and the obligation of paying billions of dollars to the Allies in reparation for destruction caused and in war indemnities, it would be a mistake to imagine that Germany will not make a desperate attempt to retrieve its losses and again assume a large place in the trade and commercial activities of the world.

Handicapped as Germany is with disorder and almost ruin at home, and detested, even hated, by the world abroad, the master minds of that country are already engaged in planning for the capture of a goodly portion of the world's trade after the peace treaty is signed and international relations and trade and commerce return to normal peace time conditions. Germany is under no delusion as to the world situation which has developed against her, nor of the magnitude of the task ahead in recovering her former strong position. Nevertheless she is preparing to tackle the problem, and even during the war was making preparations for it.

Those who kept close in touch with German propaganda in Spain during the war, says a writer in a United States paper, have never had any doubt that it was designed as much to secure the position of Germany in that country after the war, as to maintain its neutrality in the war. And as the war went on, the former objective increased in importance and became the chief concern of the Germans. As one nation after another forsook its neutrality, and entered the struggle on the side of the Allies, Germany realized that one

door after another was being closed to her in the matter of unrestricted trade development after the war. Hence their determination to secure and maintain in Spain a jumping-off ground for the great reconstruction policy they had in view when peace was declared.

Without going into details, it may be stated that Germany has secured a strong and far-reaching trade foothold in Spain. A well organized system has been created for the handling of German-made goods through Spain and other neutral countries, and forcing them through these channels all over the world. These goods will thus be camouflaged as other than German products.

Already the great Krupp works, which during the war were given over entirely to war purposes, are turning out locomotives at the rate of one a day, and it is stated that a sufficient supply of iron ore from Alsace-Lorraine and Sweden is on hand to enable manufacture to proceed apace for many months, and that an output of 600 locomotives a year is quite possible. Thus is Germany already preparing.

Another factor which must be considered is, that while wages and costs of production will remain high throughout the British Empire, the United States, and other countries under the better living conditions which are upon us, the very necessities of the German people will lead to long working hours and comparatively low wages, thus enabling the German manufacturer to produce goods more cheaply than can his competitors in Allied countries.

German finance and German trade and commerce has always supported and been the mainstay of German militarism. By the might of German militarism new and larger territories were to be won in order that German industry might flourish and German trade be extended. Germany had its eye on the raw materials of the world, and profitable markets to exploit for the sale of German-made goods. To the extent that Germany succeeds in winning back her old world trade, she will again become a menace to the peace of the world. The Hun has been defeated this time, but the Hun has not changed his nature nor his methods.

There is one course for the people of the Allied nations to adopt. It is a policy of self-protection just as truly as was the waging of the war against Germany. It is for the people of all civilized nations to resolve and grimly determine that never again will they buy a German-made article. Germans do not believe our people will do this. As Herr Bauer, a director of Krupp's, stated recently: "Trade is trade and people will buy and people will sell." The democratic, liberty-loving people of this generation should determine that they, at all events, will not buy from Germany, nor purchase any German-made article, no matter from what source it may come.

Asthma Doesn't Wear Off Alone. Do not make the mistake of waiting for asthma to wear away by itself. While you are waiting the disease is surely gathering a stronger foothold and you live in danger of stronger and yet stronger attacks. Dr. J. D. Kellogg's Asthma Remedy taken early, will prevent incipient condition from becoming chronic and saves hours of awful suffering.

Wins First Prize for Wheat
Winnipeg, Man. — The rural municipality of Portage la Prairie won 25 prizes in the collection of exhibits at the Winnipeg Seed Fair. D. McVicar captured the first prize for registered Marquis wheat in the provincial competition. Though Mr. McVicar came to Manitoba from Scotland late in years, he has proven himself to be a very successful farmer. Prior to coming to Canada he was engaged in pedagogic work.

Education of Illiterates
New York. — The recently organized inter-racial council, which believes that questions affecting the foreign-born population of the United States are of extreme importance just now, announced at its first meeting, that it indorses a bill to be presented to congress proposing the education of both foreign-born and native illiterates and asking that \$12,500 be appropriated for the work.

Mail by Airplanes

London. — An aerial postal service has been instituted between England and the continent in order to carry mail to the army of occupation. The mails thus carried will reach Cologne in ten hours instead of five days, as heretofore. The mails arrive at Folkestone by train, are taken by lorries to the airfield where the machines are in readiness to load up. Twenty-three bags were taken on the first journey by four machines.

Nerves Shattered By Operation

A Most Extraordinary Case of Extreme Nervous Exhaustion and Keenest Suffering From Headaches—Now Entirely Cured

Mrs. George Hall, Meadow Brook Farm, Westast Valley, Sask., writes: "It is with great pleasure I say a few words of praise for Dr. Chase's Nerve Food."

"Five years ago, while living in Montreal, I suffered terribly with a severe pain in the right temple. For four months I could not even bend or stoop down to do anything without holding the right side of my head with my hand, the pain was so severe. Besides the headache, there was a discharge from my right ear also, but it caused no pain—only the constant pain in my temple. I could not sleep, and if I lay down at night I could not get my head up off the pillow without my husband putting his hand underneath the back of my neck to lift me up. I could not bear it any longer. Some of my friends persuaded me to go to one of the hospitals and consult a doctor, so I went to the Royal Victoria Hospital in Montreal; there they examined me, and told me that it would have to be an 'indoor case,' that I would have to be operated on. After I had been there four days they operated, and found that I had a clot of blood on the brain. They said it was marvellous that I pulled through after the operation, as they had given me up for over four days. I was in the hospital 10 weeks, and my doctors said I would always suffer with my nerves, because the operation was such a serious one to pieces. After I came home I could not bear any noise or excitement, if the child would shout or bang the door I would jump and give a sharp cry, and my hand would fly to my head. My nervous system was completely exhausted and I had no appetite whatever. Two months after this, I had to follow my husband to the Northwest, where he had gone previous to my illness. The doctors told me I was running a great risk to go so soon. However, I came, and after I reached my destination in Saskatchewan I was in bed for some weeks with a nervous breakdown. I was going nearly crazy with my head. A friend asked my husband to try Dr. Chase's Nerve Food. He went to town (which is fifteen miles from here) and brought two boxes. I commenced taking them, and certainly felt much benefited. I took six boxes in all, and I now feel like a different woman. I have no pain in my head, my system is built up, and I can sleep like a top. My appetite is splendid, the children can make as much noise as they like, and it does not bother me. I am certainly cured, and I want to express my heartfelt appreciation of your wonderful medicine. I shall always recommend it and tell others about it."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edman & Co., Ltd., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Cautions Little Nations

London. — Premier Lloyd George speaking at a Welsh festival dinner in London warned the little nations of the danger of emulating the faults of the great empires by a tendency to annex territories not their own.

"This is a most fatal error for any people, great or small," he said.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

The provincial police in the Saskatoon division in January had only 125 cases to deal with. This is the best record for any showing in 12 months.

CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties.

MRS. M. SUMMERS, Box Windsor, Ont.

New Mines Opened

Output of Coal in Alberta Is Increasing

Edmonton, Alta. — Some interesting figures have been compiled by John T. Stirling, chief inspector of mines for Alberta, showing the output of coal in the province during the past year and showing its relation to that produced in all Canada. During the year the consumption of coal in Canada was 37,237,065 tons, of which 22,057,065 tons were imported from the United States and of that 2,559,041 tons were imported into Western Canada.

During the year 6,148,620 tons of coal were produced in Alberta, 100,470 tons of briquettes, 32,858 tons of coke and 9,898 tons of shale for the making of bricks. There were 7,687 tons of bricks sold. There were, during the year 1918, 317 coal mines in operation in the province of Alberta, and two copper ore mines and two shale mines.

Seventy new mines were opened during the year, also as well as nine which were re-opened. Offsetting this to a certain extent there were 71 abandoned.

It is interesting to note that to operate these mines on an average 2,633 persons above ground and 6,144 persons below ground were employed.

STERN REMINDERS OF RHEUMATISM

Cold or Wet Weather May Start the Pains, But the Trouble is in the Blood.

Every rheumatic sufferer should realize that rheumatism is rooted in the blood and can only be cured by a treatment that will cleanse the blood of the rheumatic poisons. The old-time belief that rheumatism was caused by cold, damp weather, is now exploded. Such weather conditions may start the aches and pains, but it is not the real cause. Liniments and outward applications may give temporary relief, but cannot cure the trouble, because they do not reach its source in the blood. The sufferer from rheumatism who experiments with outward applications is only wasting valuable time and good money in depending upon such treatment. The trouble still remains, and it is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. Treat this disease through the blood and you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. They act directly on the impure, weak blood; they purify and strengthen it, and so root out the cause of rheumatism. Mr. D. Lewis, postmaster at Escumac, N.B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused me great suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After taking the pills for some time the rheumatic pains and stiffness in the joints disappeared and I have not since had any return of the trouble."

If you are suffering from rheumatism, or any trouble due to poor blood and weak nerves, you will find a cure in a fair use of Dr. Williams' Pink Pills. You can procure these pills through any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Western crops were under the average last year, but Saskatchewan's agricultural values were \$350,000,000 greater than in 1917, through increase of acreage, of live stock and dairy production. The number of horses increased from 888,673 to 1,000,076.

Minard's Liniment Cures Burns, etc.

Sweden Cancels Treaties

Government Wants to Make Change in Commercial Relations

Stockholm. — The commercial treaty between Germany and Sweden, which dates from the 2nd day of May, 1911, has been annulled as from the beginning of 1920. The Swedish government has declared itself ready to enter into discussions for the provisional regulation of commercial relations for the period during which the present treaty lapses until a new one is signed. It is probable that the reason why the treaty has been canceled is that in the present uncertain conditions the Swedish government wants to be free to make a change in Swedish commercial relations, and the treaties with England, France, the United States, and Russia have also been cancelled.

Attack Premeditated

Paris. — Emile Cottin, who recently shot and wounded Premier Clemenceau, will be tried by court martial on March 14. Captain Bourcardon, head of the Paris military court, continued his interrogation of the premier's assailant. Cottin admitted that the attack had been meditated for several months, and declared that if he had not been stopped he would have reloaded his revolver and fired again.

Assisting the Settler

A Policy Pursued by the Local Government of Manitoba which Deserves the Highest Commendation

(By W. W. Fraser, Live Stock Commissioner.)

I have reference to the scheme known (and at one time much ridiculed) as "The Cow Scheme." This plan is being operated under an Act passed by the present Government at the Session of 1916, and was adopted because of conditions that existed in some of the outlying districts of the province, where the struggling settler was known to be working under extreme disadvantages, his means not permitting him to purchase, in some instances, even one cow, and where force of circumstances meant that in order that he might receive enough money to keep his family supplied with the absolute necessities of life, he was obliged to seek employment fishing on the lakes during the winter months, and again was often forced to return to the city during the summer months and labor. Particularly was this true of the settlers between Lakes Manitoba and Winnipeg, where the majority of the cows furnished under this policy have been placed. It will be readily seen that these conditions necessitated the absence from home of the bread-winner during the greater portion of the year and as a consequence his family were deprived of his influence and parental care, and the required improvements on the homestead had to be foregone. Very often this family was forced to live in a one-roomed shanty with scarcely any improvements on the homestead.

The above scheme permitted these settlers to receive from the Government, by way of a club, or a number of settlers going together, cows up to the number of five to each settler. In each case an inspection is made to determine the capability of the individual as to the number of cows he is in a position to care for, after which inspection, cows are advanced up to the number of five, as above stated, according to the man's ability to care for them. The terms are five years, the first payment falling due November 1st, following the year in which the cows are purchased.

The cows are all purchased with either calf at foot or due to calf within a very short time. A new avenue to life is opened to the settler thus receiving cows—and he is shown the path of escape from previous hardship. Milk is provided for his children and he can ship his small can of cream from the nearest station to the dairy. The cheque for the cream is received and he is able to purchase the necessities of life by paying cash, instead of being forced to leave his home to earn money. Usually the family can do the work in connection with the cows while the man carries on the improvements, bring under cultivation more land from year to year. Thus the land becomes more valuable, the offspring of the cows are growing up and adding to the herd, meat is provided for the family, and in all the home is put on an economic basis. Encouragement is given to the father and mother as well as to the children, and instead of the previous desolate home a real home of thrift and industry is established. In this way the entire settlements where these cows have been placed are put on a new basis.

Where one creamery was in operation, there are now five and have been for the last two years, two of which have been manufacturing a car of butter each per week. Whereas an

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty its bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, doesn't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

SOXOL
Coca-Cola Food Board
Lancaster, Pa. U.S.A.

importation of 53 car loads of butter was necessary to meet the requirements of the province in the years 1912 and 1913, there was an exportation during the year 1918, of 175 cars of butter and the above mentioned act is unquestionably very largely responsible for this change, the benefit to the country from which will be readily realized. The consumer at large is a direct beneficiary, as beyond a doubt the price of butter has been regulated by this vast increase of the product.

As above stated, the first of these cows were placed early in July, 1916, and in November, 1918, about 3,842 had been distributed and the department had a record of 6,000 of their progeny. The added wealth to the province from this vast increase will be readily seen and is extremely gratifying.

I know of no act that has had a more direct bearing on the communities at large, not only from a financial and economical standpoint but as a moral influence.

Much credit is due the Hon. Valentine Winkler, minister of agriculture and immigration, for his untiring energy and efforts in connection with the said "cow scheme" or "settlers' animal purchase act," as well as many other profitable schemes for the advancement of agriculture and particularly of the live stock industry.

Mr. S. G. Sims, purchasing agent of "the settlers' animal purchase act" is responsible for the successful prosecution of this valuable and commendable enterprise, which puts the possibility of success within reach of the man and family who, because of environment could not help themselves.

Children Love

Cascarets---10c

Candy cathartic is harmless to tender stomach, liver and bowels

Your child is bilious, constipated and sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to move the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things.

New Labor Charter

Hours of Work Shall Not Exceed Eight Daily

London. — The main proposals of the British draft, adopted with minor alterations by the international labor leaders at Paris as the new charter of Labor, are given in a special dispatch from the labor correspondent of the Daily Telegraph.

The provisions of this draft preclude the employment of children under fifteen years of age in industrial occupations and of children between fifteen and eighteen for more than six hours daily. At least two hours each day must be devoted to these young workers to technical or regular education and they will not be permitted to work at night or on Sundays and holidays.

A Saturday half holiday will be introduced into all countries and workers shall be allowed a continuous weekly rest of at least 36 hours, while the hours of work shall not exceed eight daily or 48 weekly, and even less than this in dangerous trades.

Regiments to be Reorganized

Regina, Sask. — Col. J. A. Cross, D.S.O., Regina, has received instructions from Ottawa to reorganize the four city militia regiments in Saskatchewan, the 95th Saskatchewan Rifles in Regina, the 60th Rifles in Moose Jaw, the 105th regiment in Saskatoon and the 52nd Prince Albert volunteers. Steps toward the reorganization of these units have already been taken. A scheme is being worked out in Ottawa at the present time, according to word received at Regina, to perpetuate not only the militia regiments, but the overseas units as well.

Resume Attacks Against Poles

Posen. — The Germans, after three days of comparative quiet, resumed attacks along the line upon the Poles, according to reports from the Polish German frontier.

The Russian Trouble
There would be less hesitation about extending the "helping hand" to Russia if there was any assurance that she would not bite it.—Vancouver Province.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion, you have already tried peppin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphated magnesia—the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphated magnesia which you can obtain from practically any druggist in either powdered or tablet form. Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisulphated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisulphated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

Has Kept Record

Prince Rupert, B. C. — This is the mildest winter in 27 years, according to James Adams, of Port Essington, on the Skeena river, near Prince Rupert. He has lived here for that length of time and has taken the trouble to keep a record of each winter. There has been practically no frost at all.

Minard's Liniment Relieves Neuralgia.

Airplanes Cheaper Than Automobiles

Toronto. — F. G. Erickson, promoting commercial flying in Canada, is offering airplanes to the public at a figure less than the average automobile costs. The machines are being offered at \$2,000 each, and aviators can be secured at present for about the same wages as those of a chauffeur, he says. Mr. Erickson is to open the only airplane sales room in the world on King street east. It will be conducted on the same principle as that of a large automobile concern.

The present Prince of Wales is the first of his title to see active military service since the invention of fire arms.

As a vermicide there is no preparation that equals Mother Graves' Worm Exterminator. It has saved the lives of countless children.

The natives of Siam obtain petroleum by digging pits about 60 feet deep and dipping it out with pails.

Away With Depression and Melancholy—These two evils are the accompaniment of a disordered stomach and torpid liver and mean wretchedness to all whom they visit. The surest and speediest way to combat them is with Parmelee's Vegetable Pills, which will restore the healthful action of the stomach and bring relief. They have proved their usefulness in thousands of cases and will continue to give relief to the suffering who are wise enough to use them.

Pleasant Prospect

Husband — Hurrah! I've got a week's vacation.

Wife—How nice. Now you can dig the garden, clean out the cellar, and whitewash the kitchen.

Face An Awful Sight Healed By Cuticura

Rough and Itchy With Eczema. Came in Pimples and Blisters. Kept From Sleeping.

"My face got rough and itchy, and I was told I had eczema. It came in pimples, then water blisters, and my skin was sore and red. My face itched and I had to scratch, and it kept me from sleeping. The skin was dry and scaly, and would bleed. My face was an awful sight."

"I saw an advertisement for Cuticura Soap and Ointment and I sent for a free sample. I afterwards bought more, and it was not over a week when I was completely healed." (Signed) Miss Annie Forgue, Alderson, Alta., Aug. 28, 1917.

If your skin is already healthy and clear keep it so by using Cuticura Soap for toilet purposes assisted by touches of Cuticura Ointment to soothe and heal any tendency to irritation, or roughness of the skin or other skin troubles.

For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

Italian Government Must Raise Blockade

Washington—Italy has been warned by the United States government that unless she put an end to delays in movements of relief supplies to the newly established Jugoslav and Czech-Slovak states, steps will be taken to cut off the flow of American foodstuffs to Italy.

Paris.—The British and French delegates here have been bitterly outspoken in the supreme war council and the supreme council council in criticism of the food blockade which the Italian government is maintaining against Dalmatia, Bosnia, Herzegovina, Croatia and Slovenia. The new government built out of the old Austrian empire are relied upon by the entire as a protection against the Bolshevik wave and the food shortage in there is creating chaos.

The persistence of the Italian blockade and which is clear upon the efforts of Italy to obtain political advantages are creating such bitterness that some of the European representatives are suggesting the possibility of the reestablishment of American relief for Italy.

Early in February an Italian military mission penetrated Jugoslav besieged territory at Ljubljana and settled in the town. The Jugo-Slavs felt that since their union with Serbia they are not the enemies of Italy, and they request occupation of Fiume and the Dalmatian coast from the Italian army. Consequently they forced the Italian mission to leave Ljubljana on February 19. The Italian reaction by establishing a food blockade against all Jugo-Slav territory. Inasmuch as the railways to Czech-Slovak territory cross the Jugo-Slav regions this blockade has effected the American relief work for both Britain and Moravia.

Polish Premier Favours League Somewhat Nestled at Opposition to Big Polish Army

Warsaw.—"Can you oppose Bolshevism with the Bible?" That is a question which the world is facing today. Ignace Paderewski, the premier of Poland, somewhat nestled at the apparent American opposition to the big Polish army which is being formed while the peace conference is sitting, asked this of the Associated Press correspondent.

"It is an individual peril, but a peril for civilization, for the aim of the peace Christian civilization and peace and war will not kill Bolshevism as far as we are concerned, because you can't have peace and order prospering with your next door neighbor advising you to reach out to work and paying agents to destroy your factories as quickly as you can build them. Most people like to get money without working, and that is what Bolshevism works offers."

When asked if he was ready to reconcile the 350,000 Polish army with the league of nations plan, M. Paderewski replied: "Yes, certainly. I am quite in sympathy with that plan. Polish army is to be recruited for such time as is necessary to restore order on our frontiers."

Ask Disarmament of Germany.
Paris.—The disarmament of Germany is being discussed in the adopted by the army committee of the chamber of deputies. The resolution says that the French government into consideration the danger to which France would be exposed by the continuation of the armaments activities connected with war fabrications and the maintenance of a large force in Germany, invites the peace conference to insist that the peace conference obtain the disarmament of Germany."

Remarkable Work of Munitions Industry

London.—Frederick George Kellaway, parliamentary secretary for the ministry of munitions, gave some remarkable figures in the house of commons regarding the work of the department. On November 13, he said, there were 33,000 separate contracts outstanding which the ministry of £425,000,000. The expenditures of the ministry of munitions during the war totalled £1,600,000,000. The largest large surplus stocks to be "disposed of, ranging from tanks to tin cans, and from guns to tin cans, are scattered over three continents.

Search for Missing France Trying to Trace Fate of Her Men

Paris.—On the twenty-first of the French army the word "missing" is written in the names of 314,000 men. Investigations which have been conducted have resulted in establishing the fact that, of this number, all hope for approximately 120,000 must be abandoned. In these lines of intensive warfare it is, of course, possible for a man to be literally "blown to atoms," but a military examination of No. 21's Land, it is hoped, may yield indications by which it is possible to trace the fate of at least some of the missing men.

At times of 15,000, searchers will subject all the trenches and dugouts along the whole front line to a most careful scrutiny for any evidence that may lead to identification. That this is no light task is evident. Nearly 17,000 square miles of ground must be explored. In all cases appearing definite identification a proper burial certificate will be taken to the families of the fallen.

Canadian Gods at Lyons Fair

Lyons.—The Canadian Gods, for which were thousands of foreign, commercial and industrial men, thronged the Grand Chateaux at the official ceremony marking the opening of the fourth annual Lyons fair. The visitors were not only decorated with flags of all the allied nations being proudly displayed over all buildings and private residences.

Great numbers of American, British, Canadian, Australian and Italian soldiers were to be seen among the thousands who cheered the mayor of Lyons, Senator Edouard Herriot, at the invitation of the committee of the meeting, Jean Guignot, president of the Chamber of Commerce of Lyons, declared the fair open.

The speaker referred to the industry shown by Mayor Herriot in the organization of the fair in 1916, when it was held at the Grand Palais. He also gave tribute to Canada for its participation in the present fair, as well as to the other nations who are aiding France on the battlefield.

Insist on Compensation Germany Must Pay for Soldiers Murdered by Bats

London.—Replying to a deputation from the mercantile marine service in regard to reparations to relatives of sailors murdered during the war, the number of whom the speakers of the deputation estimated at 20,000. Premier Lloyd George paid a tribute to the heroism of the mercantile service in saving Great Britain from starvation and the allies from collapse. He denounced German submarine warfare as the most cruel and infamous exhibition of piracy ever known and announced that the British delegates to the peace conference had been instructed to submit as their first demand full compensation for losses at sea, including compensation for dead relatives.

Germany must pay this before paying the same indemnity for war expenses. He concluded by urging that the British immediately admitted to the foreign office.

Rumanian Queen in France.
Paris.—Queen Marie of Rumania, accompanied by her daughters, the Princesses Eliza, Marie and Ileana, have arrived in Paris. They received a warm welcome.

A despatch from Geneva February 23, said the queen of Rumania and her family had fled from Bucharest for England, fearing a revolution in Rumania.

A despatch from Geneva February 23, said the queen of Rumania and her family had fled from Bucharest for England, fearing a revolution in Rumania.

A Warning is Issued To the British Strikers

Majority of Workers Opposed to Strike

Berlin.—The Vorwarts, the socialist organ, reports that the result of the secret ballot taken on the strike issue in eighty Berlin plants showed that more than 20,000 workers were opposed, and that 7,500 were in favor of a strike.

The workmen in numerous foundries, the newspapers, added, were stamped into a strike by the railroads before the socialist vote, official action.

Georg Neumann, minister of defense has ordered the troops to arrest all strikers or leaders of the strikers who are guilty of rioting or intimidating workers.

Food for Poles

Paris.—The following statement was issued by Herbert Hoover, United States relief administrator: "The ship Westward Ho, reached Danzig carrying 6,000 tons of food for Poland, the gift of the combined American committees of Jews and Poles. The food will be routed to Warsaw by rail for distribution by local committees under the direction of representatives of the United States relief administration on the place to successfully operate in Belgium and Northern France."

"A total of 17,000 tons of food has reached Danzig for Poland during the past three weeks. This is the beginning of a total monthly program of 50,000 tons, necessarily providing the 1919 crop. Other ships are en route to Poland carrying food, extensive and intelligent, and each fresh arrival of food is received with honors by the Polish people, who are glad to see the new republic has a chance to find itself quickly become self-sufficient."

Demobilized Men Sail Down Rhine

Stettin.—The following statement was issued by the German government: "The demobilized men of the German army are being sent down the Rhine to their homes. The government is doing its utmost to ensure that they are properly cared for and that they are able to find employment as soon as possible."

London.—W. A. Appleton, general secretary of the Federation of Trades Union issues in the official organ of the organization of the British effect on British trade of ironworks and unskilled workers. Mr. Appleton says: "In plate already in the market at 20 shillings per ton less than the British cost price. Steel is being offered by Great Britain's competitors at 20 shillings per ton less than the British cost price. It is with the aid of a subsidy, £2,000,000, with 25 per cent. of free trade, otherwise, it faced with offers at 30 shillings per ton less than the present cost price."

Safe Retreat for Kaiser

Paris.—The German national assembly or the Ebert government is in a hot hurry to get the Kaiser out of Germany. The Kaiser is being urged to leave Germany as soon as possible. The German government is doing its utmost to ensure that the Kaiser is safely removed from Germany.

THE TEN DOLLAR BILL IS THE MOST POWERFUL OF ALL THE MONEY. IT IS THE ONLY ONE THAT CAN BE USED IN ANY PART OF THE WORLD.

The Power of a Ten Dollar Bill

Consider the power of a Ten Dollar Bill when it is spent at home. It is like magic. It circulates. It pays of a hundred obligations. It creates business and puts people to work in our community. But the ten dollar bill that is sent away to the other end of the world does nothing for our town. It becomes dead to us. It is out of commission forever as far as our town is concerned. We never see it again. As it is, then, give power to the money we spend. Let us remember that our best investment is that power-money that we spend at home.

Strikes are Responsible Escaped Prisoner Appears at Party

London.—A German wireless message picked up here alleged to break made by General Nadler, Marshal Gier's representative on the armistice commission, says that the Germans have failed to turn over to the allies industrial and agricultural machinery.

The message explains that German farms constituting the required machinery have been looted and the machinery has been carried off to the allies. It also stated that the Germans have failed to turn over to the allies industrial and agricultural machinery.

John McGarry Made Dramatic Appearance at Mansion House. Dublin.—At John McGarry, one of the Sinn Féin prisoners, returned from Lincoln jail by DeValera, made a dramatic appearance at the Mansion House here. The program was in progress, when, led by a band of officers, and accompanied by Lord Mayor O'Neill, wearing his chain of office, McGarry, wearing the uniform of an Irish volunteer, came into the hall.

A scene of intense excitement followed, the audience keeping up, and cheering wildly. McGarry briefly addressed the crowd, and then that all the stories of the Sinn Féin escape were without truth. When the truth was told, it was a shock to British officials, said McGarry, when he said that he had no power from DeValera, who he had no something to say, that he had no power, would come and say it himself.

Accompanied by friends, McGarry left the hall without a word and disappeared before the police arrived.

German Cabinet Threatens to Resist. Berlin.—At a meeting of the German cabinet, attended by party leaders and delegates of shipowners, it was decided unanimously, it is understood, that the Germans could not submit to coercion from the allied powers, either in the armistice negotiations or in the peace parley proper, according to a Zurich dispatch to the London Times.

The German government declared that it will decline all responsibility for possible consequences. "The extreme time to speculate on German intentions," it said.

Demands regarding the regulations of shipping are held to be absolutely unjust, it was said. "The government will definitely 'paralyze' the industry's economic future."

Many Number of Women Workers. London.—The vast extent to which women workers entered into the industry and commerce during the war, is disclosed in a white paper issued by the government. It states that more than 1,000,000 women were employed in the war industry, and that the number of women employed in the war industry has increased by 1,000,000 since the war began.

Local and District News

Mr. and Mrs. Thos. Henderson returned last week from a visit of three months with relatives in Ontario. While away they visited New York and other big centers.

Joe Telford returned last week from New Westminster, B.C., where he went to visit his parents, owing to a severe attack of the "flu". He still is rather thin looking, but is improving nicely.

On Wednesday, March 26th, T. H. Beach will offer at a credit auction sale in Cluny F. E. Renaud's horses, cattle, implements, etc.

McLeod's Garage is talking to Mr. Farmer in this issue. If you are fortunate enough to bear this distinction you should listen.

Harold Dunn and bride returned Sunday from their honeymoon trip to California, being absent over two months. The happy young couple will reside on his farm south of Bow river.

H. T. Lyon has taken the agency for the Sovereign Life Assurance Company of Canada for Gleichen and vicinity. The Sovereign Life's head office is in Winnipeg and the provincial office is in Calgary, under the management of A. C. Harris.

The United Producing Co. is sending to Gleichen another good musical comedy on April 2nd—"The Smiles". The United Producing has never failed to send us something good, so get your smiles ready.

N. W. McMillan, wife and family returned last week from a three month's holiday, during which time they toured California and other southern states, mostly by auto. Mac thinks the "Golden State" alright, but Gleichen's golden grain looks good to him yet.

Mrs. McDonald, principal of the McDonald Academy, had the honor of staging the National Pageant for the Duke of Devonshire when his Royal Highness visited Calgary on Dec. 1, 1917. Mrs. McDonald and her daughter were engaged to teach at the Normal session of dancing teachers held in San Francisco in July, 1918. She will be at the Palace Hotel tomorrow—Friday—at 5 p.m. and will conduct classes from 5:30 to 12 p.m.

W. M. Lyle, former principal of the East Arrowwood school, returned to Gleichen Monday and is being royally welcomed home by his friends. Last spring he took the war fever and along with the three Jones boys and Clyde House he struck down south and all were soon accepted volunteers of the American Navy. The only regret now is the war ended before they got into action. However, Mr. Lyle got his reward for the services rendered—a bride. He says he saw no country he likes better than this and is thinking of becoming one of our prosperous farmers.

\$5 Reward

Will be paid for information which leads to the recovery of animals bearing any of the following brands:
